

## e-Witness Solution

Witness and sign documents the safe, secure, and convenient way

### The Old Wet Ink Process :(

## It's like e-signatures but improved!

BIGFORMULA's electronic document witness solution is the advanced online platform that allows one to carry out important legal and administrative proceedings from the comfort of one's home. With an in-built 3-step verification system that guarantees security and privileged accesses to event logs, BIGFORMULA's electronic document witness solution is the fool-proof witness solution of the future!

\*All you need is a stable Internet connection, a device for video conferencing and another touch-screen device to sign the document in real-time
